ABOUT IIT GUWAHATI

A welcome note

Since its inception in 1994 as the sixth 'Indian Institute of Technology,' IIT Guwahati has achieved an international reputation in the fields of technology, innovation and research earning its accolades as one of the world's topmost young and dynamic universities. The campus is located on a sprawling 285-hectare plot of land on the northern bank of Brahmaputra about 20km away from the heart of the city.

The programmes and courses offered at IIT Guwahati are perpetually evolving to adapt to the ever changing global requirements, with a flexibility to ensure that students pursue courses to the best of their interests. At present the Institute has eleven departments and three inter-disciplinary academic centres covering all the major engineering, science and humanities disciplines, offering B.Tech, B.Des, MA, M.Des, M.Tech, M.Sc and Ph.D programmes. With the introduction of a 'Minor' degree, open and inter-departmental electives, audit courses and promotion of inter-disciplinary research, our students get a chance to expand their horizon of learning.

The presence of state-of-the-art laboratories and National Centres of Research has helped the institute become one of the nation's nerve centre for research and development as well as technical education. The faculty, besides committing to world class research, ensures that students of the campus are ready to face challenges of the professional world by providing them with a sound conceptual understanding of their respective disciplines. It also plays a huge role in their development as potential pioneers and leaders, by encouraging and helping them participate in different global ventures.

IIT Guwahati has MoUs (Memorandum of Understanding) signed with institutes of international repute throughout the world for semester based student-exchange programmes and summer internships, thus encouraging global integration while developing a broader outlook among our students. Students pursue internships in their vacations in industrial, managerial and research domains in leading multinational firms and research labs and contribute substantially to these organizations. The institute also offers top-notch facilities for extra-curricular activities to ensure a holistic development of the students.

MESSAGE FROM THE DIRECTOR

Prof. Dr. T.G. Sitharam

IIT Guwahati was established in 1994 by an Act of Parliament. The Institute is growing steadily and the total number of students in eleven departments and three academic centres in numerous undergraduate and postgraduate programmes is now around 5600.

The Institute has excellent infrastructure for all round development of its students. The laboratories are well equipped with modern cutting edge instruments for research and development. The Institute has a very good central library with collection of more than 1.6 lakh printed books and subscribes to more than 500 printed journals. The sports facilities of the Institute are of international standard. Because of the excellent performance of the students of IIT Guwahati in all the fields of study and research guided by the Dr. Gautam Biswas 2 dynamic faculty members and with full support of the non-teaching employees, the institute could feature in the coveted list of Top-100 young universities (under 50 years of age) of the world selected by the Times Higher Education (THE) magazine. IIT Guwahati is the only Indian entry to this elite list. Faculty members and the PhD students have been able to demonstrate substantial intrinsic merit of their research. Some research-activities also have excellent connection to Industrial problems. The students graduating from this institute are motivated, bright and very eager to perform after they graduate. We want all students to contribute positively towards self-organisation and self-development. Our emphasis is on creating a strong fundamental base so that our students are able to handle unknown situations with confidence. I cordially invite all prospective employers to visit IIT Guwahati and to participate in the on-campus placement process.

MESSAGE FROM THE HEAD, CCD

Prof. Rakhesh Singh Kshetrimayum

IIT Guwahati has recently entered the elite list of top 70 young universities of the world under 50 years. It is the best ranking for any Indian institute in the world university rankings. At this moment of pride and happiness, I take this opportunity to welcome you all.

In a short duration of over two decades, IIT Guwahati has been able to develop world-class facilities and resources. We are well recognised for our research and teaching facilities in India and abroad.

Our students have continuously been able to display excellent potential and skill in their fields of academics and extra-curricular activities. Many of the students have visited foreign universities of repute to widen their knowledge and experience. The IIT Guwahati alumni are showing excellence in their respective fields. It is worth mentioning that recruiters from varied fields have responded very enthusiastically and rated our students very high. Their abilities are well attested by the excellent reports we receive from the recruiting companies.

We provide continuous support to the graduating students registered for placement by offering information and guidance. Centre for Career Development (CCD) looks after all the necessary activities for their placement. We have the required infrastructure to conduct parallel placement sessions, pre-placement talks, excellent accommodation arrangement in the guest house, etc. to organize campus placement activities.

Our CCD team take this opportunity to invite your esteemed organization to visit our our campus for recruitment of our students. It will be a great privilege for us to welcome you at the IIT Guwahati.

NEWS HIGHLIGHTS

Achievements of IIT Guwahati

IIT-Guwahati ranked 14th among 20 institutions classed as the world's best small universities in the latest Times Higher Education (THE) rankings 2016. Also, it has been ranked among the top 100 of the world's dynamic young universities by Times Higher Education (THE) magazine in 2014.

Honorable Prime Minister of India, Mr. Narendra Modi visited IIT Guwahati on January 19, 2016, and addressed the gathering of students, faculty members, and campus residents. During this visit, he inaugurated the Electronics & ICT Academy of IIT Guwahati as a part of the Digital India initiative. The Electronics & ICT Academy aims at providing specialized training by developing state-of-the-art facilities for specialized training programmes and research promotion workshops for corporate sectors.

Unnat Bharat Abhiyan is the vision of the Hon'ble Prime Minister of India for bringing about transformational changes in rural development processes. IIT Guwahati feels proud to announce that Ms. Shweta Gupta, a student of the M.Des Programme, won the first prize in the competition for designing the logo for Unnat Bharat Abhiyan. The logo is already in use.

NEWS HIGHLIGHTS

Achievements of IIT Guwahati

Mr. Sandip Chakraborty, research student, Computer Science and Engineering, received Indian National Academy of Engineering (INAE) Innovative Student Projects Award, 2014 (Doctoral level) for his PhD thesis work on 'Capacity Enhancement, QoS and Rate Adaptation in IEEE 802.11s: A Performance Improvement Perspective'.

Ishan Vikas, an initiative of the MHRD was started as a comprehensive plant to bring selected school children from the North-Eastern states into close contact with the IITs and IISERs during their vacation period.

Mr. S. Arun, research student, Mechanical Engineering, received Gandhiyan Young Technological Innovation Award at the festival of Innovation at Rashtrapati Bhawan, New Delhi in March 2015 for his project on 'Injection Mouldable Polymeric Composite Based Passive Polycentric Knee Joint.' He also won the Best Innovation Award 2015 by the GHR Labs and Research Centre, Nagpur for the same project.

DEPARTMENTS

Departments at IIT Guwahati

Biosciences and Bioengineering
Chemical Engineering
Chemistry
Civil Engineering
Computer Science and Engineering
Design
Electronics and Electrical Engineering
Humanities and Social Sciences
Mathematics
Mechanical Engineering
Physics

UNDERGRADUATE PROGRAMMES

Programmes and Disciplines

B.Tech (Bachelor of Technology)

4 year programme in the disciplines:

1. Biosciences and Bioengineering
2. Chemical Engineering
3. Civil Engineering
4. Chemical Science and Technology
5. Computer Science and Engineering
6. Electronics and Electrical Engineering
7. Electronics and Communication Engineering
8. Mathematics and Computing
9. Mechanical Engineering
10. Engineering Physics

A rigorous course structure which imparts comprehensive understanding of a particular field of study, training for practical problems of design and development through course work and active research

Minor Degree Programme : as an auxiliary

Auxiliary minor programme for all disciplines. In 2010, the institute started a provision for a minor degree in the B.Tech and B.Des programmes. Students pursue additional courses in their Minor degree department. Students specialize in a field of their choice in addition to their major degree thus developing skills well suited for interdisciplinary professions.

B. Des (Bachelor of Design)

4 year programme in the disciplines:

Design

An interdisciplinary Design programme and the only one of its kind in the IITs. Focuses on imparting deep understanding of prime domains in Design : Design research, Interaction Design, Industrial Design, and Visual Communication through courses and rigorous project works

GRADUATE PROGRAMMES

Programmes and Disciplines

M.Tech (Master of Technology)

2 year programme in the departments:

1. Biosciences and Bioengineering
2. Chemical Engineering
3. Civil Engineering
4. Computer Science and Engineering
5. Electronics and Electrical Engineering
6. Mathematics and Computing
7. Rural Technology
8. Mechanical Engineering

Comprehensive understanding in specialized domains of engineering through course work and active research.

M.Des (Master of Design)

2 year programme in the discipline:

Design

Imparting students a deep understanding of Design research, Industrial Design, Visual Communication and Interaction Design through courses and project works.

Doctoral programme:

Ph.D (Doctor of Philosophy)

In the departments:

1. Biosciences and Bioengineering
2. Chemistry
3. Chemical Engineering
4. Civil Engineering
5. Computer Science & Engineering Design
6. Electronics & Electrical Engineering
7. Humanities and Social Sciences
8. Mathematics
9. Mechanical Engineering
10. Physics

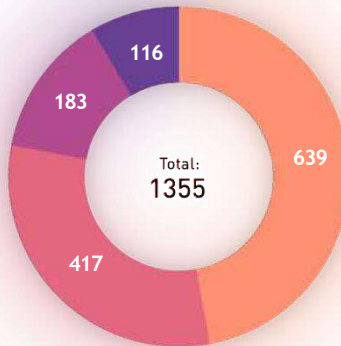

In the centres:

1. Energy
2. Environment
3. Nanotechnology

Extensive training in research with advances in science and technology. Students publish their thesis in International Journals and Conferences.

RESEARCH & DEVELOPMENT

Infrastructure

Lecture hall complex & Conference centres

The institute has four large lecture halls with 300 seating capacity each and a new Conference Centre with 4 conference rooms of global stature. There are plans for 6 lecture halls of 200 capacity and 18 class rooms of 120 capacities for future provision.

Central library and Computer Centre

With about 1.64 lakh volumes, presently we are subscribing to 525 titles including 306 online journals & 12350 online journals through 'INDEST-AICTE Consortium' and 'DeLCON: DBT - Electronic Library Consortium'.

Academic Complex & Technology Complex

The majestic Academic complex of 74000 square meters houses all the departments, centres for research, laboratories and department libraries, equipped with modern audio-visual aids. The advanced Technology complex houses the Incubation centre which facilitates co-operation and interaction between the institute and entrepreneurs of various sectors of science and engineering.

ACHIEVEMENTS

MOUs

Memoranda of Understanding (MoU) on academic & research collaboration, are an integral part of the institution's external relations. At present the institute has 45 active MoUs with various universities from all over the world.

Conferences, seminars & workshops

Many conferences, seminars, workshops and schools are organised by departments and centres every year. Students participate actively in their proceedings as well as in organising them.

Publications

Students actively collaborate with faculty in research projects, publishing research papers in international and national journals and conferences. The Institute has so far applied for 69 patents out of which 6 have been granted. 13 patents were applied in the reporting year.

R&D PROJECTS

Projects	Dept./centre	Funding agency	Amount
Scheme for financial assistance for setting up of Electronics and ICT academics	Centre for Educational Tech.	DeitY	1750 Lakhs
E-Kalpa-2 creating digital environment for design in India	Centre for Educational Tech.	MHRD	840 Lakhs
Unnat Shikshak – Unnat Bharat, centre for excellence in science and mathematics education	Centre for Educational Tech.	MHRD	339 Lakhs
Fundamental molecular investigations in biotechnology	Biosciences and Bioengineering	DBT	237 Lakhs
Scheme for financial assistance for setting up of Electronics and ICT academics	Electronics & Electrical Engineering	Media Labs, Asia	156 Lakhs
Development of abiotic stress resilient tropical pulses through tailoring of ABA receptor genes	Biosciences and Bioengineering	DBT	151 Lakhs
Development of comprehensive interactive well monitoring	Centre for Energy	ONGC	145 Lakhs

WORKSHOPS & SEMINARS

Some recognized events

- Symposium cum Workshop on Advances in Computational Biology and Computer Aided Drug Design, June, 2015.
- Regional Celebration of Women in Computing, East and North-East, November 2015.
- South Asian Workshop on Optics and Photonics 2015 under UNESCO IYL Celebration (SAWOP 2015), November, 2015.
- XXVII IUPAP Conference on Computational Physics (CCP2015), December 2015 - 4th International Conference on Advanced Nanomaterial and Nanotechnology (ICANN-2015), December 2015.
- 5th IEEE Applied Electromagnetics Conference (AEMC-2015), December 2015.
- Indian Chemical Engineering Congress 2015 (CHEMCON 2015), December 2015.
- Workshop on Tone and Intonation-3, January 2016.
- 22nd National Conference on Communications (NCC-2016), March 2016.
- Research Conclave 2016 – An amalgamation of Academia, Industry and StartUps, March 2016.
- 2nd National Workshop on NEMS/MEMS and Theranostics Devices (NWNTD-2016), March 2016.
- 4th Annual Chemical Engineering Symposium (REFLUX 2016), March 2016.

STUDENT ACTIVITIES

Holistic development

IIT Guwahati's motto of achieving excellence through the amalgamation of mind, body, heart and soul is exhibited through a myriad of extra-curricular activities that range from sports, club activities, hostel events, college fests and other entrepreneurial endeavours. Students develop themselves in various areas as they take up versatile roles, such as managing the entire student body, organizing festivals on an international scale, competing fiercely in national and international competitions and also taking up several social initiatives along the way.

STUDENTS' GYMKHANA COUNCIL

The Students' Gymkhana Council is a body that promotes the objective of fostering extra-curricular and co-curricular activities along with the welfare of the students during their stay on campus. Being a part of Gymkhana council acts as a simulation for developing managerial and leadership qualities by providing the student with a real-life scenario of managing the functioning of large projects, initiating new ones and allocating budgets accordingly.

IITG ENTREPRENEURIAL SUMMIT

The 'Entrepreneurial Development Cell' organizes this summit annually, bringing together the experience of workshops, lectures and showcases of the most promising entrepreneurs and start-ups of India, thereby promoting a culture of innovation and problem solving.

SPORTS AND INTER IIT

The Institute is well-equipped with state-of-the-art infrastructure for major outdoor and indoor sports that would rival any national stadium. The exhaustive training students undergo helps them secure a mindset to persevere beyond limitations and develop an insatiable hunger for excellence. Students work rigorously throughout the year for the Inter-IIT Sports Meet which is held in December every year. Students of IIT Guwahati boast exemplary records in these events and also several national level sports competitions.

STUDENT ACTIVITIES

Holistic development

ALCHERINGA

Alcheringa is the annual-cultural festival of IIT-Guwahati and within a short span of 18 years, has grown to become the largest college cultural festival of the North-East India while earning a spot in the top 5 college fests all across the country. It brings together an amalgamation of international culture providing a competitive platform for many aspiring artists. Managing an event with over 70 events and a footfall of 65,000 is no simple task and it is all up to the students to ensure that the gears run smoothly. Working on such a huge project provides all the challenges a student would have to face later in their careers. Students gain the ability for planning, execution, handling tense scenarios and making quick, but logical decisions while also learning the importance of teamwork, time and financial management.

TECHNICHE

Techniche has completed 14 successful editions and has emerged amongst the largest Techno-Management Festivals of the country. Techniche constitutes of several modules such as robotics, technical writing, workshops to industrial conclave and lecture series, thus, bringing together best of both worlds in a stimulating environment for inspirational and competitive learning. Interacting with the top-most leaders and hearing their stories first-hand gives much-needed knowledge to the students as they try to craft their own destiny in this world. "IIT Guwahati has raised my expectation on India's ability to take on the world." – Jonar Nader, Australia's highest paid Consultant and Management Guru and a guest lecturer at Techniche , 2011.

GYMKHANA CLUBS

Imperative to promoting the co-curricular activities, are over 30 active clubs of IIT Guwahati that constantly provide much needed stimulus for growth in their cultural, technical and entrepreneurial endeavours. These clubs are constantly involved in activities spanning from local to international levels. A few clubs like the Finance Club, Red Ribbon Club, Analytics and Consulting Club and Rights and Responsibility Club have grown manifolds since their inception. This variety of clubs lead to a well-rounded, versatile and passionate persona of an IIT-G student.

ABOUT CENTRE FOR CAREER DEVELOPMENT

ROLES & RESPONSIBILITIES

The Centre for Career Development at IIT Guwahati handles all aspects of campus placements for graduating students. The cell is responsible for mediating between the company and the students. Arrangements for every stage of the recruitment process are made by officials at the office. The Head, CCD in consultation with the student coordinators oversee all placement related activities at the institute. CCD coordinates with recruiting companies and handles the entire internship hiring and on campus recruitment process. The scheduling process is handled accommodating both the needs of the students and the department to ensure that the recruitment process is carried out in the most comfortable and satisfying manner possible.

FACILITIES

The office has excellent facilities and infrastructure for placement activities, which include: a) Rooms for interviews and Group Discussions b) LCD Projectors and PA systems c) Institute auditorium, Lecture Halls for Pre-placement talks and tests d) Computer Centre and Departmental Labs for written and online tests e) Video Conference Facilities including Skype interviews*

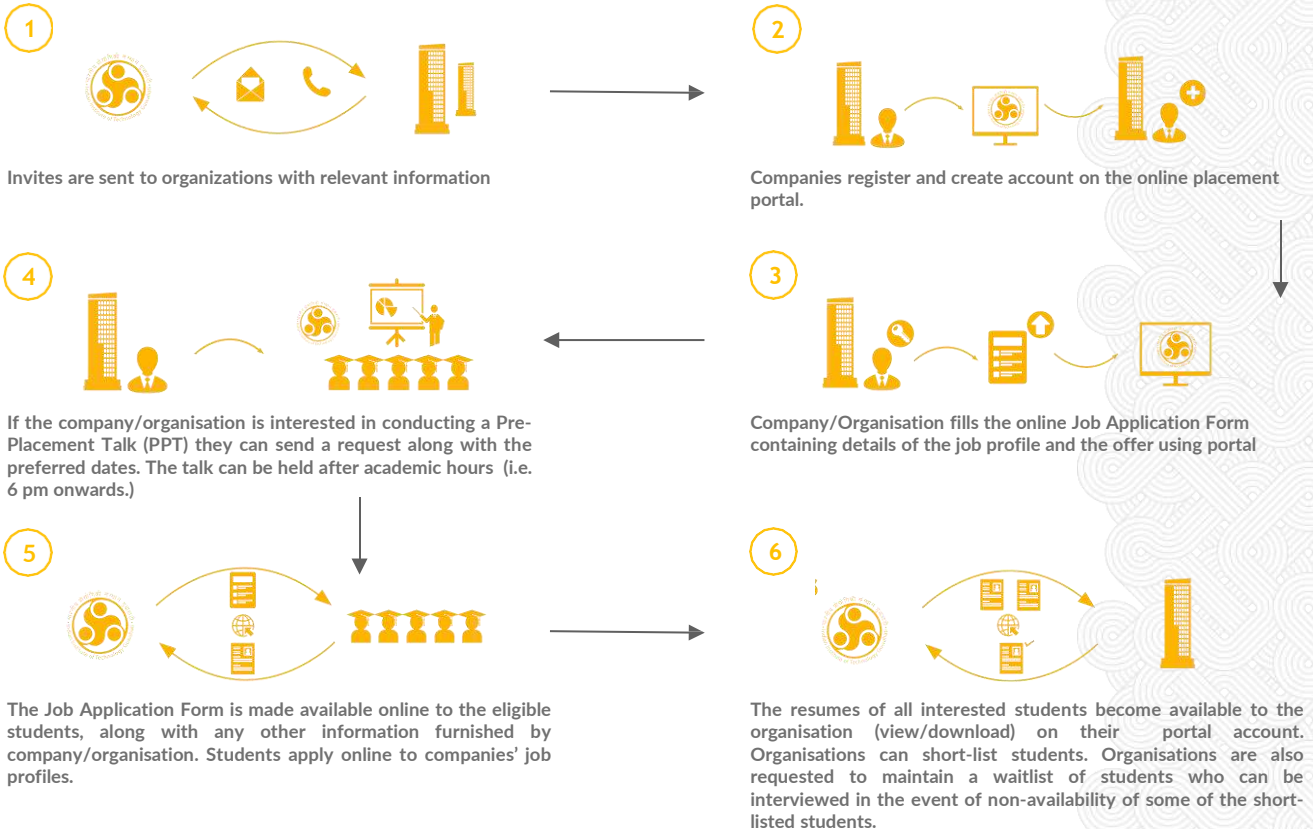

*Available under exceptional circumstances

TRAINING INITIATIVES

Centre for Career Development also takes the responsibility of training the students of the Institute and strengthening their concepts by building on the fundamental principles while also accommodating the needs of the industrial market within realistic constraints such as economic, environmental, social, health and safety. The Centre ensures complete revision of basic concepts so that students can identify, formulate and solve engineering problems with the understanding of professional and ethical responsibility. CCD also organizes regular training sessions for students on soft skill development.

PLACEMENT PROCEDURE

Guidelines

PLACEMENT PROCEDURE

Guidelines

7

			Jan	Feb	Mar	Apr
			May			
		Dec				

The recruitment session would begin on the 1st week of December 2018 and would continue till May 2019. The CCD Office allots dates for recruitment procedure by considering factors like student preferences, job profile, etc

8

Organisations visit the campus on the allotted date(s) and conduct tests and/or interviews according to their selection procedure.

10

The CCD Office also coordinates the signing of offer letters by students who have been selected to ensure that they reach the company/ organisation as early as possible.

9

The company/organisation has to furnish the final list of selected students soon after the completion of the selection procedure. As per the placement policies of the institute, as soon as a student is offered a job, he or she is ineligible to continue in the selection processes of other company/organisations or apply to other company/organizations.

ALUMNI UNDERTAKING

Noteworthy achievements

Founder- Ajinkya Malasane (IIT Guwahati), Siddharth Mall and Akshay Lal(IIT-Kharagpur) Founded- August,2015.

Payment is a two sided marketplace that helps large companies bring cost-effectiveness and speed to their operations, and on the other side helps smartphone users supplement their income on the go. The platforms power lies in the ability to generate direct and recurring cash earnings for anyone with a smartphone within minutes of coming on the platform. The major clients include Flipkart, Myntra, Paytm, Voonik, ibhejo and more.

Founder-Archit Gupta (B.Tech CSE, Class of 2006) : Founded-2011

ClearTax has raised \$2 million (Rs 13.3 crore) from FF Angel, the angel investing arm of Peter Thiel-led Founders Fund, and Sequoia Capital, a month after Bengaluru-based ClearTax secured \$1.3 million in a seed funding round from a group of Silicon Valley investors including PayPal cofounder Max Levchin and Scott Banister, an early investor in Facebook and Uber. ClearTax also counts One97 Communications, the parent company of mobile digital payments and ecommerce platform Paytm, as an early investor, with the latter having reportedly invested about \$50,000 last year.

Founder- Richa Singh (B.Des, Class of 2005) : Founded-December,2014

According to an earlier study by the World Health Organisation(WHO), Indians are among the worst hit by depression, with nearly 36 percent of the population having a major depressive episode. While one person in India commits suicide every four minutes, younger Indians are among the worst hit. That's why Richa Singh, an IIT Guwahati alumna, started www.yourdost.com, an emotional support system for people to discuss problems with qualified and experienced individuals, in anonymity. Available as a free service both through its web portal and mobile app, YourDOST, according to Inc 42, has close to 70,000 users which is growing at about 40% month-on-month basis.

Founder-Mohit Garg, Krishna Depura, Deepak Diwakar : Founded-2011

Co-Founder-Nishant Mungali(B.Des, Class of 2007) MindTickle Inc. promises to cut training time for salespeople who need to be kept up-to-date on rapidly changing products and to make them more effective in handling potentially difficult sales situations. It recently raised \$12.5 million for cloud-based software that promises to fix some of those problems in a Series A round led by New Enterprise Associates

ALUMNI UNDERTAKING

Noteworthy achievements

Founder-Pooja Dubey (B.Tech CSE, Class of 2012, IIT Guwahati), Sashwat Gopal(IIT Bombay), Shikhar Khanna(IIT Delhi) : Founded-September,2015

Blinge is a rental platform that provides designer wear, branded outfits and accessories on rent. It follows a marketplace model and has a community of over 20 designers on its platform. The startup claims to be catering to over 1,000 customers. It has been funded by Livspace co-founder and CEO Anuj Srivastava and Ankit Nagori, who quit Flipkart as chief business officer in February. Blinge is creating a market that has a huge potential to disrupt the fashion industry.

Founder-Sachin Bhatia(B.Tech, CSE, Class of 2001) : Founded-June,2014

TexoCC, now called InsideSalesBox is an all-in-one inside sales software to help businesses-big and small-to have Faster Connects, Better Engagement and Predictable Sales Process. Built by inside sales expert for inside sales teams, Inside Sales Box helps you engage with your prospects across the entire marketing sales journey. The Sales Prospecting Software is built upon multimedia, advanced analytics, personalization, and gamification, to support high performance sales teams deliver predictable revenue, month after month.

Research-Discovery of Gravitational Waves

Co-Author-Avneet Singh (B.Tech Engineering Physics, Class of 2012)

He is a member of the LIGO Scientific Collaboration (LSC), a group of more than 1000 scientists from universities around the United States and in 14 other countries. He is one of the youngest PhD students at The Max Planck Institute for Gravitational Physics. On February 11, 2016, The Laser Interferometer Gravitational-Wave Observatory

(LIGO) released a press statement that Gravitational Waves were detected 100 Years after Einstein's prediction in 1916. For the first time, scientists have observed ripples in the fabric of spacetime called gravitational waves,

arriving at the earth from a cataclysmic event in the distant universe. This confirms a major prediction of Albert Einstein's 1915 general theory of relativity and opens an unprecedented new window onto the cosmos

Founder- Paresh Goel (B.Tech, Mechanical, Class of 2013), Ajay Sethi(B.Tech, Mechanical, Class of 2013), and Saurabh Singla(B.Tech, CSE, Class of 2013) : Founded-2015

Launched in April by three IIT Guwahati graduates, the company provides mom and pop shops with a mobile platform to facilitate their neighbourhood commerce. It has 200 retailers across six categories and plans to add another 10 by the end 2015 as well as increase retailer base to 50,000.
