

Short Term Training Course  
**Advanced Techniques  
in  
Cellular and Molecular Biology**

15 – 19, November 2010

Department of Biotechnology  
Indian Institute of Technology Guwahati  
Guwahati 781 039

Lectures and laboratory experiments on different advanced techniques of molecular and cellular biology with a focus on Flow Cytometry, Quantitative PCR and Surface Plasmon Resonance based Biosensor.

Open to scientists, faculty, physicians, and research scholars using tools of molecular and cellular biology. **No course fee.**

**Last date** of application: 29th October 2010
