Seminar

On

Electron transfer in coordination compounds

Conveners:

Prof. Biplab Mondal Mr. Dibyajyoti Borah

Co-Conveners:

Prof. Biprajit Sarkar Prof. Debabrata Maiti

Date and Venue:

15th &16th December, 2019

Kaziranga Borgos Kaziranga National Park No.2 Sildubi, Kohora, Assam 785609 www.kazirangaborgos.com

Registration:

Fee:

Excluding accommodation: 5000/-Including accommodation: 30000/- for single occupancy 20000/- for double occupancy

Last Date:

30th November, 2019

Contact:

Prof. Biplab Mondal Department of Chemistry Indian Institute of Technology Guwahati Phone: 0361-158-2317 (O) +91-9954023175 E-mail: biplab@iitg.ac.in

A seminar on "Electron Transfer in Coordination Compounds" will be organized by Jorhat Institute of Science Technology and in association with IIT Guwahati under TEQIP scheme on 15th and 16th December, 2019 at the Borgos Resort, Assam. The conference is to bring together the leading researchers from academia across the country to discuss the latest and most exciting aspects of various areas of Inorganic Chemistry.

As most of you would know, Prof. G. K. Lahiri, Department of Chemistry, IIT Bombay will be turning 60 soon. To celebrate this occasion, one session of the symposium will be dedicated to Prof. Lahiri to show our appreciation for his contribution to the Science.

Mr. Dibyajyoti Borah Department of Chemistry Jorhat Institute of Science & Technology Phone: +91- 8638482740 E-mail: dibyaiitg@gmail.com
