

ONLINE SEMINARS

Aug 19, 4 PM, Speaker: Dr Moumita Ghosh, Tel Aviv University Israel,

Title: **Short Peptide Based Coassembled Smart Materials for Tissue Engineering Applications**

Aug 20, 7 PM, Speaker: Prof. Jonah W. Jurss, The University of Mississippi, USA,

Title: **CO₂ Reduction to Renewable Fuels with Earth-Abundant Catalysts Featuring Redox-Active Macrocycles**

Aug 21, 6.30 PM, Speaker: Prof Kevin Brown, Indiana University, USA,

Title: **Alkene Interrupted Cross Coupling**

Aug 24, 3 PM, Speaker: Dr Srikrishna Bera, EPFL Switzerland,

Title: **Complexity from Simplicity: Unlocking the Synthetic Potential of Asymmetric catalysis.**

Aug 24, 4.30 PM, Speaker: Prof. Mark Gandelman, Technion-Israel Institute of Technology, Israel,

Title: **New Concepts and Methods in Synthetic Chemistry**

Aug 25, 6.30 PM, Speaker: Prof J B Baruah, IIT Guwahati Chemistry,

Title: **Personal Perspectives on Certain Aspects of Supramolecular Chemistry in Post-Covid Era**
