

JULY 2019 ONWARDS

INTERNATIONAL JOINT DEGREE OF MASTER OF TECHNOLOGY (M.TECH) IN FOOD SCIENCE AND TECHNOLOGY

GIFU UNIVERSITY

Salient Features:

- **Enrolment:** Both Indian (05) and Japanese (05) students.
- **Second semester** Course work and preliminary research work (April to July 2020) at Gifu University, Japan for Indian students. **Gifu-U to provide Research/Teaching Assistantships** for IITG students during this period.
- **Round Trip Airfare:** Borne by IITG for Indian students.
- State-of-the-art research facilities available for food characterization, processing, and engineering studies at IITG and Gifu-U, Japan.
- **International (Joint) credits:** Total: 48 (India – 33; Japan – 15); Course work: 24; Dissertation: 24

Course Overview:

The International Joint Master of Technology (M.Tech.) degree (IMD) in Food Science and Technology (FST) is being jointly offered by IIT Guwahati (July 2019 onwards, India) and Gifu University (April 2019 onwards, Japan) to nurture highly-skilled professionals in food and related industries. Fundamentals associated to Food Biochemistry, Applied Microbiology, Processing and Engineering would be nurtured in the joint degree curriculum to enhance research design thinking and a global mindset (adaptation to different cultures and cooperation with global partners) in the enrolled students. The curriculum promotes the growth of food and related industries in the north-eastern region (India) and Tokai region (Japan) and attempts to identify solutions for a sustainable society.

Eligibility and Admission:

- Degree: B.Tech. Chemical/ Biotechnology/ Food/Agricultural Engineering /Technology and allied disciplines [OR] M.Sc. (2 years) [OR] M.S. (5 years integrated) in Chemistry, Biochemistry, Biology, Zoology, Botany, Life Sciences, Food Sciences and allied disciplines.
- **GATE Qualification** in relevant disciplines (AG/BT/CH/CY/XE/XL).
- **Meritorious students** with research experience desirable.
- Final selection based on **interview** of short-listed candidates

JULY 2019 ONWARDS

**INTERNATIONAL JOINT DEGREE OF
MASTER OF TECHNOLOGY (M.TECH)
IN
FOOD SCIENCE AND TECHNOLOGY**

GIFU UNIVERSITY

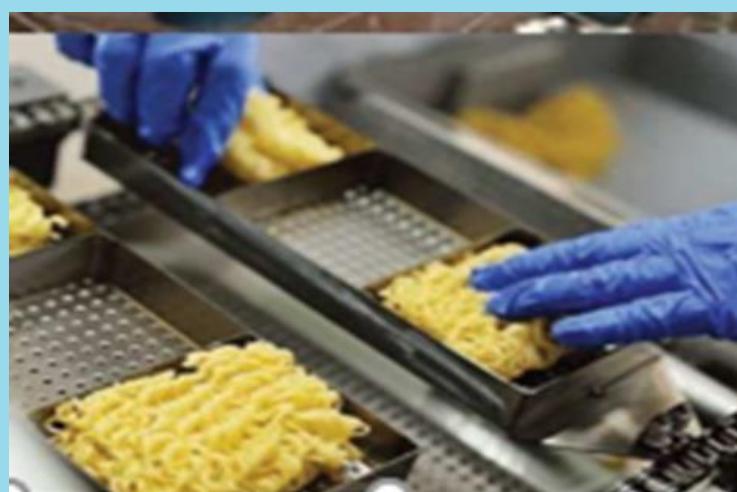

Key Benefits:

- **1st International Joint M.Tech. Degree in FST** from India (IITs). Training and Research excellence in Translational FST.
- **Enhanced Placement and Research Opportunities** in India and abroad.
- Interaction with **Japanese Food Industries**.
- **Highly skilled human resources** to enhance cultural co-operation and Indo-Japan FST trade

Other important Information:

- Only online applicants. **Statement of Purpose mandatory.**
- Last Date of Application: **As per IITG M. Tech. admission policy.**
- Intimation to short-listed Candidates for
- Interview: 3rd or 4th week of May (Tentative)
- Date of Interview: 1st or 2nd week of June (Tentative).
- Announcement of Results: 3rd or 4th week of June, (Tentative)
