

Monash University, Malaysia, School of Engineering

Professor in Electrical and Computer Systems Engineering

School/Unit: School of Engineering

Employment Type: Full-time

Duration: Five years fixed-term (with provision for renewal)

Classification: Level E

Work location: Bandar Sunway, Malaysia

About:

Monash is full of thinkers and doers who are looking for their next challenge. So if you've forged a rewarding career so far, this role provides the perfect platform to join us. You'll have access to quality research facilities, infrastructure and teaching spaces to do exciting work, along with opportunities to collaborate internationally. You'll be part of a university that's made up of inspirational, challenging thinkers and doers – and continue doing work that makes a lasting impact.

The Opportunity:

Monash University Malaysia is well positioned to take advantage of the University's many global research networks and continues with a new wave of appointments to generate research applied to global and local issues. We are seeking to appoint a Professor who will provide expertise in an area of Electrical and Computer Systems Engineering to further enhance research, teaching and external engagement activities in the School. This will include designing, developing and delivering high quality teaching activities, undertaking individual and joint research to produce high quality academic outputs, and participating in external activities to generate income and promote the discipline. Candidates with expertise in any relevant area of research, particularly relating to Electrical and Computer Systems Engineering are welcome to apply.

The successful candidate will be an academic with a significant track record of teaching and research, engaged in fostering a vibrant research culture in their discipline and will play a significant role in delivering the University's education and research targets. Proven ability to deliver high quality research-led teaching within an appropriate field and a strong publication profile are essential. Membership and chartered affiliation of a relevant professional body is also essential. All applications must address the selection criteria.

The Benefits:

An attractive remuneration package will be offered to the successful candidate. Malaysian Employment Pass and Relocation Support services are available.

For general enquiries, please refer to FAQ. To apply, please send your cover letter, resume and key selection criteria document to **recruit@monash.edu**, and quote the job number.

Closing Date: **2 June 2018**
