

IIT Guwahati researchers design engineered surfaces for detection and protection against coronavirus

Media coverage

The research works of the team related to the detection and prevention of coronavirus has been published in media by PTI, Delhi. The story has got wide coverage in more than 65 news apart from social media platforms i.e. Twitter, Facebook.

THEWEEK

IIT Guwahati researchers design engineered surfaces to detect, prevent COVID-19

Bio-interface interactions between the virus and the surface spike protein used

PTI By PTI | September 06, 2020 16:57 IST
