Information Sought (जानकारी मांगी):	SUBJECT :- regarding the subject wise cutoff marks declared by you in JEE advance 2016. This year(2019) I was receiving many request from from the students and teachers to ask IIT to lower the cutoff of math subject as it was very hard, So when I started to research i found of that in 2016 the marks were same as in this year and also overall difficulty level . But I also found a flaw in your cutoff of each subject . Taking example of OBC category: - @declared cutoff was 9% of 124 which comes out to be 11.16 .(between 11 and 12) A. using international system of rounding off it should be 11. B. taking 11 means 8.87% of 124 (difference only of 0.13 from 9%), taking 12 means 9.67% of 124 difference of 0.67 % (9.67 rounds off to 10 equals to general category cutoff). C. a year after in 2017 JEE took 10.98 as 10 in OBC cutoff . so by raising these points my simple question to you is was it right to take 12 in obc and 13 in general subject wise cutoff in 2016 .If yes then why was it different in 2017 /and if you think no then please donot let it happen this year as math paper was already tough this year. //request your kindness towards students. THANK YOU
