A WORKSHOP ON THE SOLARIZATION OF RURAL FEEDERS

by
SCHOOL OF AGRO & RURAL TECHNOLOGY
IIT GUWAHATI

RURAL FEEDER SEGREGATION: CHALLENGES, OPPORTUNITIES AND WAY FORWARD
UNDERSTANDING THE ISSUES AND POTENTIAL OF RURAL FEEDER CHALLENGES IN ASSAM AND WAY FORWARD BASED ON THE CASE INSIGHTS FROM ONGOING PROJECTS FROM OTHER STATES.

POTENTIAL CATALYST IN SOLARIZATION OF RURAL FEEDERS

ASSAM'S TEA ESTATES CAN BENEFIT FROM SOLARIZATION TO CUT COSTS AND EMISSIONS, WHILE AGRI-PV AND AQUA-VOLTAIC ENABLE DUAL LAND-WATER USE AND HIGHER INCOMES. GEO-SPATIAL TOOLS SUPPORT FEEDER SEGREGATION BY MAPPING NETWORKS AND LOSSES, ENSURING RELIABLE POWER AND SUSTAINABLE RURAL GROWTH.

UNLOCKING SOLARIZATION POTENTIAL OF RURAL FEEDERS IN ASSAM

THE DISCUSSION WILL EXPLORE OPPORTUNITIES UNDER PM-KUSUM, HIGHLIGHT NATIONAL AND STATE POLICY SUPPORT, AND CONCLUDE WITH A PANEL DELIBERATION ON THE WAY FORWARD.

ORGANIZING COMMITTEE

DR. RISHAL MAL
ASSISTANT PROFESSOR
SART, IITG

DR. DIPANKAR MANDAL
ASSISTANT PROFESSOR
